HI Connect Design is the hospitality tradeshow reimagined featuring the industry's finest designers, suppliers, architects and purchasing companies while delivering the highest qualified attendees such as top executives, owners and developers, hotel executives, and purchasing decision makers representing leading hotel brands both domestically and abroad.

It's a unique opportunity for attendees to interact with real environments, or "vignettes," such as [guestrooms](#) that display products in context to inspire a different level of conversation. This concept is so unique and different than any other tradeshow ever produced that Hotel Interactive has patented this innovative concept.

Mark your calendars now to ensure you will be a part of the excitement at HI Connect Design™ in Nashville, TN April 2-4, 2014.
